CGPA : 8.5

2016 – 2017
Kandukur

🎨 Skills

- Python
- DBMS
- Django REST Framework

📂 Projects

DRF Authentication and Backend Solutions :-

Developed and implemented comprehensive authentication and backend solutions using Django Rest Framework. Key features include user sign-up, secure sign-in, password reset, email OTP verification, CRUD operations, email sending, user management, and database seeding. These projects ensure a seamless and secure user experience while providing robust backend functionality.

📂 Internship

Internship Experience: Backend Developer

I completed my internship at Orotron, where I gained practical experience in backend development using Python with Django Rest Framework (DRF). Through this experience, I honed my skills in building robust APIs and working with backend technologies. I'm excited to leverage this experience in future projects to contribute effectively to their success

🏅 Certifications

Python programming
Got a in CISCO Networking Academy for the completion of Programming Essentials in Python.

🎨 Personal skills

- Recognized for exceptional teamwork and collaboration skills.
- Fostering an environment of cooperation and shared success during projects.
- Good communication skills.
